

Chest Heated Flatwork Ironer

C8-30-2R

C8-33-2R

- One-piece chest and roll structure applies balanced pressure to flatwork
- High quality steam heated chest with large heating area
- Stainless steel gap piece with heating coils increases efficiency
- Powerful exhaust fan for fast moisture removal
- Variable speed frequency inverter drive
- Gradual speed increment between rolls for spreading effect
- High quality felt, spring system and float type steam trap
- User friendly computer control panel
- Four emergency stop buttons on each corner for safety
- Alarm system of steam and air pressure ensure smooth operation
- Individual pressure adjustment for left and right side improve ironing quality
- Chest isolated by Rockwool to prevent heat loss
